

RAPMANIA

Boys and girls,
please put your hands together for Clicky,
the rappin' robot.

Be

Hey there kids; it's **Clicky**, what's up?
It's right about time for me to rap it up.
I hope you liked the presentation, an Internet safety celebration.
Today you learned about the WizzyWig crew -
the **Hot-Head**, **Numbut** and the **Spamozoid** too.
But the scariest one is **Follow-You Fiona**.
You could be in DC and she could be in Arizona.
But she'll still try to meet you offline anytime.
Just tell an adult if she steps out of line.
If you want to learn more, watch our show.

And if you love **NetSmartz**,
everybody say "oh-oh, oh-oh."
Now we've come to the end of this presentation
and I really did appreciate your concentration.
Now remember kids, these lessons aren't tricky.
Take it from me, Emcee Clicky.

Safer

online!

Be safer online.

C'mon, be safer online.

Everybody, everybody, be safer online.

Everybody, everybody, be safer online.

See ya next time.
